ARTICLE 23: To see if the town will vote to place the Smith-Nawazelski Conservation Area, Assessors Map 20, Parcel 1-1, under the care and custody of the Conservation Commission, for the purpose of wildlife, recreation and forestry, or take any other action in relation thereto.

Proposed by the Conservation Commission

Explanation: The Smith-Nawazelski Conservation Area is 101 acres of gently sloping land between Poor Meadow Brook and Elm Street. It has some 1,500 feet of frontage on Poor Meadow Brook and a narrow network of walking trails, including a portion of the Bay Circuit Trail. It is across the street from the Burrage Pond Wildlife Management Area.

The town acquired the property for conservation and water supply protection. At a Special Town Meeting on October 1, 2007, the Board of Selectmen was authorized to seek legislative approval to grant a Conservation Restriction (CR) to the Department of Fish and Game. Approval was received and the Consensual Order of Taking of Conservation Easement A/K/A Conservation Restriction was recorded on July 1, 2008 at the Plymouth County Registry of Deeds in Book 36140 Pages 173-196. This CR, for which the town was paid \$250,000.00, now requires annual site audits by the state. The state official performing these audits has emphasized that the CR requires management of the property. It is logical for that management to be assigned to the Conservation Commission.

Placing this property under the care and custody of the Conservation Commission will allow the Commission to monitor the site and conduct activities to maintain and support the retention of the site in its natural scenic and open condition for fish and wildlife conservation, native habitat protection, public recreation, protection of scenic views and other conservation uses.

Finance Committee Voted 5 – 0 to Refer to Town Meeting***
