NEW BUSINESS

I. **New Business:**

1. The Board's next meetings will be held on Tuesday, March 15, 2016 and April 12, 2016
2. **24 Orchard Avenue** – George Gardiner came before the Board to discuss the possible addition of an in-law apartment to his property. The Board recommended he file a variance request with the Board. The Deed Restriction does not appear to have been recorded at the Registry of Deeds when the septic plan was originally approved and installed. Mr. Gardiner is interested in building a garage and adding an in-law apartment which would be located above the garage with a bathroom, kitchenette and a bedroom. Mr. McSweeney sees that there are three options - raise the field, ask for a variance for the 1' reduction or eliminate a current bedroom. Mr. Gardiner will come before the Board on March 15, 2016.
3. Unpermitted Hauler – The Board would like a certified letter sent to the hauler. If they do not comply, they may be fined and lose the ability to renew.
4. The Board would like Vector Control to come before the Board to discuss their tick program. The Health Agent will contact the company and have them attend an upcoming meeting.
5. Transfer Station stickers – Board would like the Health Agent to research surrounding towns with Enterprise funds and bag fees and compare them to Hanson fees.
