Allan Clemons will remain as Vice-Chairman, no objections or additions, moved and approved 3-0-1.

Patty showed the group the Historical house inventories that were partial done in 1996-1997 and we decided that Tom would find out from the Town Administrator, Mr. McCue if we need a RFP or how to approach continuing this inventory. Allan stated that Laua Draymeyer, who helped corrolate the prior inventory, is still in the local area. We will not put it on the warrant until April next year.

Then, Patty introduced the Open Space Committee list that stated what they need from the Commission. Record & Protect Historic Private Cemeteries was one we thought we could accomplish and put on the warrant for next April. Mr. Mills arrived at 6:45pm in the middle of our discussion.

A few other items that we might look into are: historic districts or areas, demolition delay by laws for the town, placques for homes and such.

We will brainstorm at our next meeting, September 14, 2016 at 6:00pm here in lunchroom at Town Hall.

Meeting moved to adjorn by Tom, seconded by Patty 5-0.

Respectively submitted,

Patty Norton, Secretary
