

HANSON BOARD OF APPEALS
Minutes of Public Hearing September 13, 2022

Board Members: Kevin Perkins, Vice-Chair
Sean Buckley, Alternate
Joshua Pratti, Alternate

Petitioner: Josh Bowes for Eversource Energy Case#22JL13
61 Whitman Street – 7:45 PM
Special Permit (cont. from 7/12/22 and 8/30/22)

Josh Bowes was in attendance along with Ryan Earle who is the Community Relations Specialist for Eversource. Pictures of the new 10' high black chain link fencing were submitted.

The Board reminded Mr. Bowes that this site has been neglected for quite some time and want the job done and done to completion – new fencing, all landscaping to be completed, all evergreen plantings and to see that the abutters are happy. Mr. Earle stated that he would be more than happy to have abutters call him with their concerns.

Per Mr. Bowes it will take until at least to the end of the year for the 10' black fencing and all landscaping and plantings to be approved.

Motion made to approve the Special Permit modification for 61 Whitman Street to increase the height of the chain link fencing from 7' to 10' with condition that plantings and screenings be finished according to plan filed with a minimum of fence height of 9' to 10': Kevin Perkins

Second: Sean Buckley

Vote: 3-0
