MEMORANDUM

To: Board of Health
From: Ross Rossetti, Superintendent
Date: April 2, 2021

This is to notify you that, weather conditions permitting, we plan to conduct aerial larviciding in your town during the week of April 5, 2021 – April 10, 2021 to reduce larval mosquito populations. Spraying will be done only over selected swamps using Vectobac®12AS, #73049-38. No applications will be made over residences.

Please contact this office if further information is required.

**Thank you,
Plymouth County Mosquito Control.**
