

General/Public Meeting:

Hanson Community Power will be a Town-run program to provide new electricity supply options for all Hanson residents and businesses. For program details, visit HansonCommunityPower.com

Two options for accompanying graphic:

General

The graphic features a dark grey header with the Town of Hanson seal on the left and the text "HANSON COMMUNITY POWER" in white. Below this, a visual equation shows three stages: "SUPPLY" (represented by icons of a power plant, a nuclear reactor, and wind turbines), "DELIVERY" (represented by a power line tower and poles), and "POWER FOR YOU" (represented by a house with lightning bolts). Each stage is accompanied by a brief description of its role in the program.

HANSON COMMUNITY POWER

SUPPLY
HANSON CHOSE DIRECT ENERGY TO SUPPLY THE ELECTRICITY FOR HCP

DELIVERY
NATIONAL GRID CONTINUES TO DELIVER THE ELECTRICITY

POWER FOR YOU
NO CHANGE IN SERVICE

LAUNCHING JUNE 2024

Rate Table/Default Info:

Most residents and businesses will receive a letter about our Hanson Community Power in early April. If you receive this letter, no action is necessary to participate. For program details, visit HansonCommunityPower.com.

The Town's default offering, "Hanson Standard", will provide electricity that is composed of 10% more renewable energy than current state requirements. Hanson residents and businesses may also choose from two other options: "Hanson Plus", which provides electricity from 100% renewable energy sources, and "Hanson Basic" which just meets the State minimum standards for renewable energy. To choose another option and for more information please visit HansonCommunityPower.com.

Two options for accompanying graphic:

Default Info

Our default supply, Hanson Standard, will cost less than the current National Grid Residential Basic Service rate, while also adding 10% more renewable energy and providing 30 months of a fixed, stable price (though future savings cannot be guaranteed).

LAUNCHING JUNE 2024

Rate Table

HANSON COMMUNITY POWER

 Hanson Standard <i>(community default)</i>	 Hanson Basic	 Hanson Plus	 National Grid Basic Service Residential
13.693 ¢/kWh	13.280 ¢/kWh	14.738 ¢/kWh	18.213 ¢/kWh
Adds 10% voluntary renewable energy (MA Class I RECs)	No additional renewable energy	Adds voluntary renewable energy (MA Class I RECs) to total 100%	No additional renewable energy
June 2024 through December 2026			November 1, 2023 through July 31, 2024
